

Friendlies Volunteers

**Friendly Society
Private Hospital**

Leading Healthcare for the Wide Bay

Volunteer Program

Friendly's Volunteers are a dedicated team who work to support Friendly's patients and visitors so their time spent at the hospital is as comfortable as can be.

They are a friendly ear who will listen. Our volunteers are compassionate and here to support our patients and visitors in whatever way they need. They are a helping hand.

Our volunteer program is a way to give back, not only to the community, but to people who are in need of extra care and support.

Our volunteers are ambassadors of the hospital. They are the support network of our staff and together we are the Friendly's.

Roles Available

We need people to help us perform these roles:

- Meet and greet patients entering the hospital
- Escort patients and visitors throughout the hospital
- Provide support to administrative and clinical staff
- Assist with marketing and public relations activities
- Deliver items to patients from the hospital pharmacy trolley
- Assembling literature and organisation mail
- Social support to patients, short and long term
- Support patients and relatives in Day Surgery
- Assist with gardening and maintenance of the Hospital grounds
- Assist with patient surveys
- Plus many other roles available

Become a Friendlies Volunteer

The Friendlies aim to provide rewarding and varied jobs for our volunteers.

We aim to make our volunteer roles varied and rewarding so you can help to provide total care to those in need.

If you are interested in joining our team of Friendlies Volunteers, please contact our Volunteer Coordinator who will help find the best role for you.

About Us

The Friendly Society Private Hospital is a 143+ bed acute care surgical and medical facility, that recognises there is nothing more important than your health and wellbeing.

The Friendlies is regarded as one of Australia's leading regional private hospitals that combines the latest technology with the highest standards of compassion and care.

As well as surgical and medical specialties, the Friendlies provide a Day Oncology Unit, Critical Care Unit and a Cardiac Investigations Unit with diagnostic, therapeutic and surgical capabilities.

As a not-for-profit hospital we are proud that our excellent team of specialists and healthcare professionals work with modern equipment and the latest technology.

At the Friendlies, our team works together to ensure an excellent healthcare experience.
