Friendly Society Pharmacy

BEING A Friendlies Member

When you become a Friendly Society Pharmacy member, you are becoming a part of a Bundaberg institution. For almost 100 years, the Friendly Society Pharmacy has been providing members with access to discounted pharmacy goods and service. In fact, our oldest living member is 95 years old and first became a member in 1936. That's 81-years of continuous membership. Of the records still held at the pharmacy the longest continuous membership was for 93 years, from a member who joined in 1924.

Today, when you become a member, you instantly have access to our pharmacy membership prices, which are

15% OFF ALL ITEMS IN-STORE,

excluding prescriptions, CPAP Machines, sale and already discounted items and special promotions. You will also be able to access our special catalogue and sale prices.

Your membership also gives you benefits at the Friendly Society Private Hospital, with a **\$20 VOUCHER,** up to two times each year, when you need admission.

Your membership even makes you a stakeholder in the Friendly Society Pharmacy.
