

Have the career and the *lifestyle*

**Friendly Society
Private Hospital**

Leading Healthcare for the Wide Bay

We are The Friendlies

The Friendly Society Private Hospital is more than a world-class, 142-bed surgical and medical facility set in stunning central Queensland.

At the heart of The Friendlies, is a team of 450+ medical, nursing, support and allied health professionals, committed to the health, safety and well-being of every member of the Bundaberg and Wide Bay Burnett communities.

For more than 70 years, our not-for-profit approach has allowed us to invest in the very best medical equipment and staff, while staying true to our patient promise of providing the friendliest, highest quality healthcare in Australia.

We are an Employer of Choice

The Friendlies offers employees state-of-the-art facilities and career development opportunities and we are always looking for new ways to make working with The Friendlies an even more rewarding experience. Some of our additional benefits are:

- Modern facilities and advanced technology
- Ongoing professional development
- Flexible working hours
- Friendly, open and progressive culture
- Family-friendly rostering
- Employee reward and recognition program
- Competitive wage rates
- Salary Packaging available for permanent employees
- Close proximity to professional childcare

We are a great *lifestyle*

The City of Bundaberg and the spectacular surrounding Coral Coast is located 360km north of Queensland's capital city of Brisbane and enjoys a sub-tropical climate.

With a population of 100,000 people in the region, Bundaberg is a bustling provincial capital with beautiful heritage buildings scattered amongst modern, eclectic, dynamic architecture and rests on the banks of the glorious Burnett River.

A short 10 minute drive brings you to the beautiful Coral Coast, the seaside enclave of Bargara and the first point of entry to the Southern Great Barrier Reef.

The Bundaberg region enjoys an equable climate, a relaxed and inviting lifestyle, affordable cost of living, modern shopping facilities, an abundance of enviable tourism destinations, loads of fresh produce and diverse economic opportunities.

Combine this with the friendliness of locals, excellent access to childcare and educational facilities, enviable recreational and sporting facilities, a growing cafe culture and you have a superb place to visit, live and play in.

We are state-of-the-art facilities

Our mission is to be the hospital of choice for friendly, quality healthcare, which is shown by our investment in advanced technology and the continuing expansion of our hospital.

We are leaders in cardiac care with our Cath Lab and dedicated Cardiac Investigations Unit providing early intervention and treatment for our patients.

We are leaders in oncology with one of the largest private day oncology units in regional Queensland, reducing our patients' need to travel for treatment.

The Friendly Society Private Hospital has continued to grow in both physical size and services over the past few years.

Plans are already underway to build a second cath lab and four additional theatres, expected to be completed in the next few years.

We also have additional plans for growth and future expansion, with a master plan spanning the next 20 years.

Currently our facility includes:

- Five surgical and medical wards
- A 9-bed Critical Care Unit, incorporating a level 4 intensive care unit and level 5 coronary care unit
- A 14-bed Day Oncology Unit
- A Cardiac Investigations Unit
- A Cardiac Cath Lab
- Medical Consulting Suites and specialist centres
- Emergency Department

The Friendlies is well positioned to provide leading healthcare services now and into the future.
